15B. CONTRACTOR/OFFEROR	15C. DATE SIGNED	16B. UNITED STATES OF AMERICA	16C. DATE SIGNED
(Signature of person authorized to sign)		(Signature of Contracting Officer)	

1. from the date specified in this solicitation for receipt of your offer. Your offer may only specify a longer acceptance period than the Government's minimum requirement
2. If any amendments to the solicitation are issued, the Offeror must acknowledge each amendment number and date in Block 14 of the SF 33
3. The Offeror's Legal Name and Address in Block 15A on the SF33 must match the information for the Offeror in SAM.GOV at <http://www.sam.gov>, including the corresponding Commercial and Government Agency (CAGE) Code Number and Data Universal Numbering Systems (DUNS) Number (Note: the address listed in Block 15A will be the official mailing address used by the Government for letter correspondence, if necessary)
4. The Name, Title, Signature and Date identified in Block 16, 17, 18, must be an authorized representative with authority to commit the Offeror to contractual obligations.

L.5.1.2. Pool Qualification and Certification

The Offeror is instructed to complete Section I, Background, Section II, Pool Qualification, Section III, Certification, and Section IV, Authorized Signature, and Section V, Addendum using Section J.3., Attachment (3), titled, "POOL QUALIFICATION AND CERTIFICATION". No other format will be considered.

1. A total of 7 MA-IDIQ task order contracts (Pools) will result from this solicitation (See Section L.2.3.). Offerors may compete for more than one Pool; however, Offerors shall only submit One (1) proposal.
2. For an Offeror to be eligible for consideration under a given Pool, the Offeror shall have performed **Two (2) Pool Qualification projects** under a NAICS Code or NAICS Code Exception or Product Service Code (PSC) that corresponds directly to a NAICS Code or NAICS Code Exception in the Pool being applied for (See NAICS Code Pool Table and Product Service Codes below). **Note: In addition, for Pools 4, 5A, 5B, and/or 6 specifically, if any of the Two (2) projects were assigned the 2002 predecessor NAICS Code of 541710, this is also an acceptable NAICS Code.**
3. **Each** Pool Qualification project:
 - May or may not be the same projects submitted in accordance with Section L.5.3. (Relevant Experience Primary or Secondary). The Offeror has the sole discretion to choose any project.
 - Must have been completed within the past Five (5) years prior to the solicitation closing date; or, be ongoing.
 - Must have a Past Performance rating of **3.0** or higher. (Past Performance rating for Pool Qualification projects is identical to the rating methodology used for Relevant Experience (Primary) Projects). See Section L.5.4. and M.5.2. for details)
 - The Offeror must provide a copy of the Contract or Task Order Award form (e.g., SF 1449, SF 26, SF 33, DD 1155, GSA Form 300 or any other official Government Award Form from a Cognizant Federal Office not identified above). The Award Form must explicitly identify the Contract Number or Task Order Number, Contractor, U.S. Federal Government Agency, and the date the Contracting Officer awarded/signed)
 - To validate the NAICS Code or PSC Code for that project, the Offeror must provide evidence from the Federal Procurement Data System – Next Generation (FPDS-NG) report, if available. If the FPDS-NG is not

available, the Offeror must provide other verifiable evidence from an official government document (For example, other verifiable evidence explicitly identified in the solicitation, contract award, or other official government document)

- If an Offeror is applying for Pools 3, 5.A., 5.B., and 6 and the Offeror cannot provide an FPDS NG report with an identifying PSC Code, since the FPDS-NG report does not capture the NAICS Code Exception(s), the Offeror must submit further evidence to support the Exception(s). For example, the Offeror must submit evidence from the project itself, such as the statement of work, which includes evidence of the Exception. For example, NAICS Code 541712, (Exception A) is Research and Development (R&D) in "Aircraft". The statement of work must support evidence of R&D in "Aircraft" specifically.
- If an Offeror has a legitimate reason that the NAICS Code or PSC Code for any project was reported in FPDS-NG incorrectly, the Government will allow the Offeror the opportunity to request and submit correspondence (letter or email) from a Warranted Contracting Officer from the awarding agency to identify the correct NAICS Code. Only a Warranted Contracting Officer authorizing a NAICS Code change is acceptable. The correspondence, at a minimum, must identify the project award number, the revised NAICS Code, a brief statement that supports the change, and the Name, Telephone Number, and E-mail address of the Contracting Officer. If a letter is provided, it must be signed by the Contracting Officer. If an email is provided, it must come from the Contracting Officer's official Government email address. The letter or email documentation must be provided.

4. Pool Qualification Requirements:

To be eligible to compete for a Pool 1, the Offeror must identify **any Two (2)** projects that have One (1) of the following NAICS Codes **OR** PSC Codes assigned to them. **NOTE:** If the Offeror is applying for Pool 3 in addition to Pool 1 and has provided Pool Qualification projects for Pool 3, projects for Pool 1 qualification are not required to be submitted.
